*All plans are valid for 5 years. Please consult with the KING Tester Customer Support Team for which plan(s) best meet your needs. Service plans may be combined for an individual test head or microscope. Service plans are not transferable. If you would like to enroll your current tester or microscope in a plan, please send your unit to our facility where it will be examined by our technicians for approval and enrollment. Each unit must be inspected and approved for enrollment by KING Tester Corporation. For the replacement program, the original test head must be returned to KING Tester Corporation upon replacement.*
